

# JAKOB S. GUNDERSEN

## STUDENT

**P** +47 45151750

**E** jasevgu@gmail.com

**A** Trondheim, Trøndelag

**W** <https://www.linkedin.com/in/jakobsgundersen/>

### GOALS

As a motivated and dedicated student, I am eager to pursue opportunities that will not only enrich my academic journey but also lay the foundation for my future career. I am committed to continuous learning, personal growth, and making meaningful contributions in my chosen field in communications technology. Additionally, I am dedicated to expanding my professional network by seeking connections with industry professionals, mentors, and peers who can provide valuable insights and support in my career.

### EXPERIENCE

**26.10.21 – 09.2023**

**Support and Salesman, Elkjøp Norge.**

*Worked at two locations: Stavanger and Trondheim.*

I primarily assisted customers with issues or damages to their computers or phones. I received commendation for my ability to organize, follow through on services, and manage the department independently when necessary.

### VOLUNTEER EXPERIENCE

**28.08.22 – Present day**

**Mechanical Engineer, Orbit NTNU.**

In my role at Orbit NTNU, a voluntary organization dedicated to satellite development, I am responsible for leading the design and development of a pressure chamber for our upcoming satellite project. In addition to this primary responsibility, I also manage project requirements for the mechanical team. This involves coordinating closely with other teams to ensure alignment and progress in design and development activities.
